## TEA SERVINGS IN FLAVOUR SAFE FOIL

Our single-cup and single-glass servings are also available in sealed freshness packs. They retain the fine aroma of our select teas and protect against external odours. The protective packaging is particularly suited for use at breakfast, in restaurants and at formal dinners, not to mention self-service environments and in hotel rooms – so that guests can make themselves a delicious cup of tea whenever the mood takes them. An ecological friendly knotted tag without metal completes the pack's elegant design which also features information in no less than nine languages to tell guests about the contents.
